		Phillips #2 Screwdriver

Thank you for your purchase from Slee Off-Road! If you should you have any questions or concerns, please do not hesitate to contact us immediately at 1 888 4X4 SLEE or at sales@sleeoffroad.com.

Slee Off Road strives to provide comprehensive installation instructions. However, in some circumstances minor inconsistencies may be encountered with instructions and or provided parts. If you encounter such an inconsistency, please notify us, as your input is important.

Slee Off-Road guarantees all parts free from defects for one year from the original purchase date.

Removal of Small Pocket

1. Insert a small flat blade screwdriver under the locking tabs located on the top edge of the little "cubby hole" that is located above the radio.
2. Gently bend the two tabs down. Once both tabs are released the trim piece will pull out freely.
3. Remove the two Phillips head screws on either side of the opening.

Installation of Cup Holder

4. Push cup holder to the open position.
5. Slide cup holder into the opening.
6. Re-install the Phillips head screws removed in step 3.
7. Rub the runners of the cup holder with wax to make it slide easier (optional).
